The curriculum is continually being updated to ensure that attendees receive professional and quality instruction. The concept of school resource officer is best described as a triad concept: *teacher, counselor, and law enforcement officer*. This course will concentrate on this triad and teach skills necessary to be successful on any campus. Attendees will be taught specific techniques to ensure success as well as some traps to avoid in the performance of their duties. Completion of this course has proven to be invaluable to existing school-based law enforcement officers and programs.
